COUNTRY Bulgaria

SUBJECT Contents of a Bulgarian
Doctor's KitPLACE ACQUIRED 25X1ADATE OF I 25X1X
~~ACQUIRED~~25X1X 1. Forwarded for your information and retention is a list describing
the contents of a Bulgarian doctor's kit.

3. It should be noted that many of the medicines are of local Bulgarian manufacture. The most frequently mentioned firm is the pharmaceutical-chemical factory Galenus. The second most common firm name is that of Pharmprom. It is believed that this is a contraction of the two words: Pharmacevticheska Fromishlenost, meaning pharmaceutical industry. The third Bulgarian firm noted is the Labopharmia. A fourth Bulgarian firm appears to be Vulev. A small number of the items in this list are from foreign firms, such as Schering, A.G., Berlin, Merck, and Merz. The initials M.N.Z. (M.H.3 in Cyrillic) stand for Ministerstvo na Narodna Zdrave, (Ministry of Public Health).
